Dear George,

I was talking to Wal recently, making further plans for the big reunion, and he said that you had indicated that you would like to be the first of the speakers relating their thoughts on things Pescottian. As M.C. I'd be delighted if you could do that.

He also told me that you had been in both the Merchant Navy and RAN. Our son, Chris, is in the Navy, on the "Arunta" at the moment, so we look forward to meeting you, both as a relative and someone with common interests.

Regards,
